SUMMARY

B.Tech (Hons.) Data Science student with hands-on experience in Python, machine learning, natural language processing, SQL, data visualization, and web application development. Built machine learning models, analytical dashboards, and database-driven applications through academic and practical projects. Seeking an entry-level web development, data Science, or machine learning opportunity.

EDUCATION

B.Tech (Hons.) Data Science *Expected 2027*
Akal University, Talwandi Sabo **CGPA: 9.03**

Class XII — Akal Academy Rampur Narotampur **90.8% — 2023**

Class X — Akal Academy Rampur Narotampur **89.5% — 2021**

TECHNICAL SKILLS

Programming: Python, Java
Data Science: NumPy, Pandas, Matplotlib, Scikit-learn,searborn Data Cleaning, Exploratory Data Analysis, Data Visualization
Machine Learning: Classification, Regression, NLP, Feature Extraction, Model Evaluation
Database: MySQL, DBMS , SQL
Web Development: HTML, CSS, JavaScript, Bootstrap, PHP ,Flask
Tools: Git, GitHub, VS Code, Jupyter Notebook, Google Colab, Power BI

PROJECTS

Customer Shopping Behavior Analysis *Python, SQL, Power BI*

- Performed data cleaning, preparation, and exploratory analysis using Python.
- Used SQL to analyze customer segments, purchasing patterns, revenue, subscriptions, and product performance.
- Developed an interactive Power BI dashboard to visualize key business insights and trends
- **GitHub Repository**

AI-Powered Resume Analyzer & Job Recommendation System *Python, Flask, Scikit-learn, NLP, SQLAlchemy, MySQL/SQLite*

- Built a web application to analyze resumes, extract skills, and identify skill gaps.
- Implemented TF-IDF, cosine similarity, and skill matching to recommend relevant job roles and learning resources.
- **GitHub Repository**

Club Management System *PHP, MySQL, HTML, CSS, JavaScript, Bootstrap*

- Developed a role-based web application for managing university clubs, members, events, and student participation.
- Implemented role-based access, event creation and approval, club management, and participation workflows.
- **GitHub Repository**

EXPERIENCE

Tech Lead — WebCrafters (Coding Society) *2025 – 2026*

- Led students in designing and developing web-based projects and provided technical guidance in frontend development.
- Organized technical workshops, coding sessions, and structured project activities for students.

ACHIEVEMENTS

- Selected for the Internal Evaluation Round of **Smart India Hackathon (SIH) 2026**.
- Presented a research paper at the **CISTM-2025 International Conference**.
- Presented a research poster at the **CI2A-2026 International Conference**.
- Served as Class Representative, coordinating communication between students and faculty.

CERTIFICATIONS

- Data Science Internship Program and Data Science Professional Certification — A2IT InterEdge.
- Full Stack Development Internship Program — RCPL, IIT Kanpur.
- Python Training Test — IIT Bombay.
- Certification in Python for Data Science and AI Development.

RELEVANT COURSEWORK

Data Structures and Algorithms, Object-Oriented Programming, Database Management Systems, Statistics, Data Handling and Visualization, Machine Learning, Artificial Intelligence, Deep Learning, Natural Language Processing

ADDITIONAL INFORMATION

Languages: English, Hindi, Punjabi **Availability:** Immediate **Location:** Pan India
